

Trails

Approximately 2.7 miles of walking trails shall traverse the site providing visitors and students the opportunity to escape the urban landscape and experience nature and wildlife interactions first hand. Two types of trails shall be provided, offering four different trail loops. Two trails will be paved and ADA accessible – the Peripheral Trail, approximately 1 1/4 miles, and the Easy Trail, approximately 1/3 mile. Two more difficult trails traverse the lower portions of the site along the creeks and are comprised of a moderate trail, approximately 3/4 mile, and the hard trail, approximately 1 mile, which splits off of the moderate trail. These trails shall accommodate the outdoor classrooms, exercise stations, observation deck, and education stations, picnic shelters, picnic tables and benches.
